Department of BS Chemistry,

IIT Kanpur

Dear Pavan

We are delighted to extend the Full Stack Developer Internship offer and welcome you to join the AiProff family. Please go through the following service terms carefully and return a signed a scanned signed copy of this offer no later than Thursday (11-May-2023) 6 pm IST.

- This internship opportunity is for 2 months duration with performance review due every 2 weeks.
- This is a contractual position, and the contract will be renewed after 1 month on the basis the performance review with your Manager and Leadership
- In this role you are expected to commit at least 8 working hours every day for 6 days a week (Monday – Saturday).
- Your top priority should be accomplishing the given tasks, by mastering front-end and back-end frameworks as deemed necessary by AiProff leadership and contribute effectively to the code base.
- You will be provided sufficient guidance and support from leadership at AiProff to help you complete your tasks successfully.
- You will be required to submit timesheet accordingly on Saturday, end of the day. Details of Tasks and time will be shared once your induction is complete.
- You will be eligible for a monthly stipend which will be credited monthly.
- Following will be the structure of the stipend –
 - Fixed Amount = INR 10000 payable monthly
 - Variable – As per performance review discussion
- All the source codes, material, artefacts, and email/paper communications will be sole property of AiProff Consulting, and you may not disclose, share and disseminate any information without express consent of the AiProff Leadership.
- Leadership decision will be final and binding on any disputes or conflicts that may arise as part of execution of responsibilities.

PAVAN KUMAR C

Thank You

Nitin Saraswat
